Plans discussed for development of old Fountain property on beach

BY MARY G. SEILEY

Plans for an upscale single family residential development at Highway 90 and North Beach Boulevard surfaced—almost accidentally—at a Bay St. Louis city workshop Monday night.

City officials confirmed later that they had met with persons connected with the proposal and had seen pictures of the potential layout. But few details are available at this point.

The proposed site is about nine acres of undeveloped land stretching from North Beach to Second Street, with waterfront footage. Several years ago, it was purchased by casino developer Marlin Torguson from Pete Fountain, but substantial public opposition to a gaming facility at the site developed.

Torguson built his Casino Magic at Bay Cove Marina, and dropped plans to develop the property for casino use. And several months ago, he put the commercially zoned tract on the market for sale at

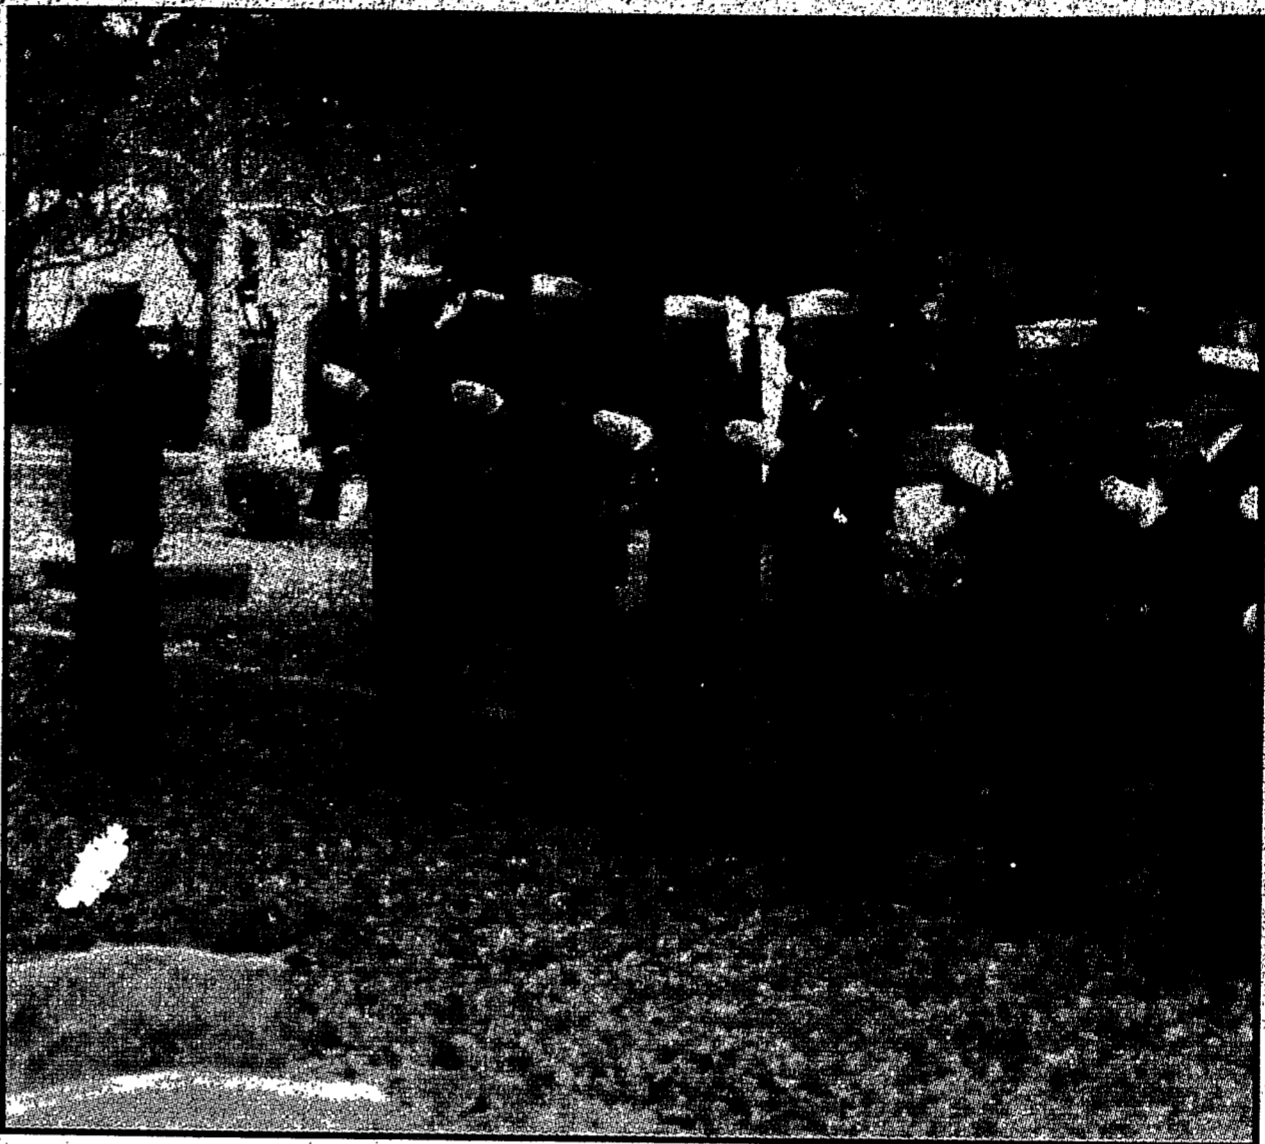

a reported price of \$1 million.

Word of the potential residential development stunned City Council member James Thrifflie, who represents the district where the tract is located. Others on council, however, seemed familiar with the proposal.

The matter would not have surfaced at all, except one council member questioned an item on a bill from city attorney John Scafide during a workshop session of council. Mayor Eddie Favre explained that Scafide had been asked to research the city's zoning code and related ordinances to make sure that a "planned unit development" fits city zoning criteria.

Favre said developers only recently submitted an application to the city, hoping to see if the development is feasible. Favre said the development would be an "exclusive" one, with homes ranging from \$450,000 to \$500,000.

Supervisors let Washington St. pier contract

BY ED LEPOMA

Now that the Dunbar fishing pier has been restored, Hancock County supervisors are turning their attention to the Washington Street pier.

On Monday, supervisors awarded a contract to Cypress Construction of Bay St. Louis, a subsidiary of GM&R, to rebuild the pier that was damaged in last February's freak storm, then all but destroyed by Hurricane Georges last September.

Cypress was the low of four bidders on the project, submitting a price of \$111,023. The bid was just a little over the \$104,000 price tag estimated by consulting engineers. The county has \$68,125 in hand in federal Wallop-Breaux funds

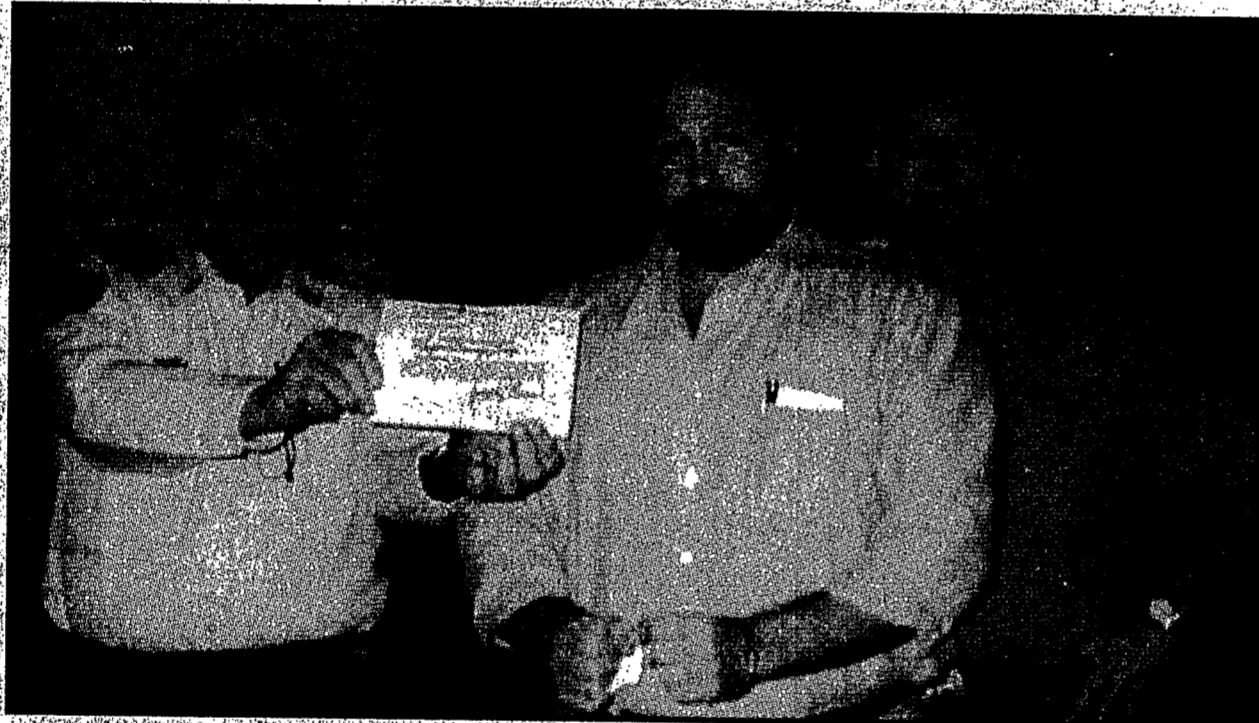

for the pier work and will seek discretionary funds from the Department of Marine Resources for the remainder needed, or it may receive the balance next year when new Tidelands money is allocated. In the meantime, the county will make a temporary loan from Seawall Funds so the project can go forward.

Plans call for construction of a 190-foot pier with a 20x50-foot fishing platform.

The work begins as another contractor nears completion on more improvements to the popular fishing spot in downtown Bay St. Louis.

Last July, Jesco Construction Company of Gulfport was

Officials 'jailed'

The Waveland Little League Ladies Auxiliary sponsored a "jail" fundraiser recently in the Waveland City Hall Annex Building on Coleman Ave. City officials and civic leaders were arrested and bond money raised went to benefit the baseball program. Marian Laureant, auxiliary president, reported the event raised \$2,700 in donations and \$1,800 in pledges. Pictured from left, Jim Martin of the Bay St. Louis Police Department brings in Waveland Mayor Tommy Longo with the assistance of Albert Biehl of the Hancock County Sheriff's Office. A general meeting of the league is scheduled for today at 7 p.m. at the ball fields on Central Ave. For information, call Eddie Reis at 463-1390.

Waveland gets MEMA grant

BY BETSY GAGNET

The City of Waveland has received \$44,578 from the State of Mississippi Department of Emergency Management for expenses incurred as a result of Hurricane Georges.

A little over \$26,000 of the money was allocated for overtime salaries paid in the police, fire, and public works department and the animal shelter. The remainder was paid for sewer system repairs to the

city pier and parks.

The funds represent the federal share (75 percent) of the expense reimbursement, and additional payments are expected.

In other news from Waveland, Dr. John Ribar was honored with Distinguished Citizen Certificates from the Cities of Waveland and Bay St. Louis and with a Proclamation from

Felons moving into state must register

BY ELLIS C. CUEVAS

Hancock County Sheriff's Department Chief Deputy Nathan Hoda reminds persons convicted of any felony, or a crime punishable as a felony in Mississippi, who are moving from another state to Mississippi, must register with a law enforcement agency within 30

days.

Hoda added, "They must register within 30 days with the chief of police of the city in which he or she resides, or the sheriff of the county in an unincorporated area, according to the 1960 statute."

Board studies school uniforms

BY B.R. HAWKINS

Hancock County School Board members have taken the possibility of mandating school uniforms under consideration. Julie Easter, a parent volunteer heading up a committee to investigate the feasibility of uniforms for the district, told the board meetings with parents have been mostly positive despite predictions to the contrary.

"We were warned ahead of time that a lot of people were expected to show up in opposition," Easter said. "It was just the opposite. Out of the 55 parents at the meeting there might have been five that were negative."

Public school districts coast-wide have looked at adopting a uniform policy. Recently, the Biloxi School Board refused to go forward with plans. Piquette and Pearl River County school boards have taken the matter under advisement in meetings earlier this week.

Board members were

supportive of proceeding with a survey to parents for input as proposed by Easter.

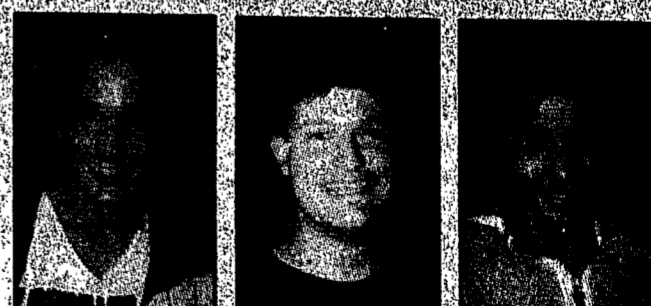

However, board member Tony Castons, raised questions concerning the need for uniforms saying that the cost was an unnecessary expense for parents. "I think we have to let the parent vote on this before we decide to mandate something that is going to cost families more money," Castons said. "What if you have four kids and drive a pulpwood truck (uniforms) will be a substantial added cost."

Three students interviewed at the Hancock Bay High basketball game gave their perspective. Ninth-grader Angela Dale said she thought the school should go to uniforms. "People would be less judgmental of each other," she said.

However, junior Taylor Sones said, "I am not in favor of the uniforms. I leave school to work. I would have to bring my work clothes with me and change before I leave campus. It's a hassle."

Sophomore Keyona Acker thought the uniforms were a good idea. "Because you want to spend so much money trying to keep up. I know it would save some kids some trouble."

The board meets again at 5 p.m. Monday, Feb. 8. Consideration of the final survey form will be discussed along with additional matters.

In Memoriam

In Loving Memory
 of
JOBY NECAISE
 May 18, 1973-Feb. 1, 1990

Our hearts are heavy-laden, and our day is filled with care, caught up in memories of this day, always remembering you are there.

Recall a special moment, a joy that brings a tear. Each day holds a memory to show us that Joby is near.

We recall the day we lost you. Our burden seemed so hard to bear, but the greatest source of power came from above to guide and strengthen, for this is what we share.

So when our night is dark and stormy, we have no need to fear; watching over us is Joby. He's always very near.

Pass employee injured on drainage project

BY ED LEPOMA

An employee of the Pass Christian Public Works Department had one foot amputated and is hospitalized at West Jefferson Medical Center in New Orleans following an accident Monday while working on a city drainage project.

Mayor Billy McDonald identified the victim as Rob Alcock, and said the city is doing everything it can to help Alcock's wife and three small children "through this terrible ordeal." According to a written report, Alcock and co-worker Ron Moss were digging a ditch on Country Club Road. Moss was working a trackhoe, and Alcock approached in front of a blind spot where Moss couldn't see him. When Moss repositioned the machine, he accidentally rolled over Alcock's feet, crushing both of them.

Alcock was taken first to Hancock Medical Center in Bay St. Louis, but was soon flown by helicopter to West Jefferson.

Doctors there had to amputate one of Alcock's feet, and are still not sure whether the other foot can be saved, the mayor said.

McDonald said the situation is further complicated because Alcock has diabetes. The injuries also include portions of Alcock's lower legs.

City attorney Malcolm Jones investigated the accident, and determined that Moss was not at fault. "He feels just terrible about it. He's distraught," said McDonald.

The mayor said both men were trained to operate heavy equipment, but Alcock was hired only last month. He said Moss is a former U.S. Navy Seabee and had worked with the

city for more than 10 years.

McDonald said the city has advanced Alcock's salary to his wife and will provide funds so that she can stay at the hospital close to her husband. "We are going to make sure that workmen's compensation and personal injury insurance is made available as soon as possible," McDonald said.

The mayor said the city is also planning to set up a benefit fund for the family at Hancock Bank, and later on will have a fund raiser for Alcock's family at the West Harrison Community Center on Esplanade.

McDonald said he has also approved the use of a city van for some employees who want to travel Friday to see Alcock at the hospital.

Alcock just turned 33 last month, and his children are ages 10, 8 and 6.

Accident injures pedestrian

BY B. R. HAWKINS

Gail Terry of Bay St. Louis was struck by a car Sunday, Feb. 1, in front of Water Tower Plaza in Waveland, according to Waveland Chief of Police James A. Varnell.

Varnell said officers were called to Water Tower Plaza, Hwy. 90, at approximately 3:46 p.m.

"Upon arriving on the scene officers found Terry laying on the ground at the intersection of Baltic Street and Hwy. 90," he said. "The vehicle that hit the victim was lodged between a large Oak tree and the Gex & Artiques Law Office building. The driver, Micheal E. Reis, Jr., was outside the vehicle and said he did not remember anything of the accident."

Varnell said Clay Necaise, a Waveland Fire Department employee, witnessed the driver slump to the passenger side of the vehicle. The vehicle moved to the neutral ground, returned to the highway in front of the office plaza before it left the highway once more and crossed through a flower bed. Necaise told officers he observed the victim fly up onto the hood of the vehicle and land in the location where officers found her.

Varnell reported later investigation showed Reis had recently had problems with high blood pressure and had been placed on medication.

Both Terry and Reis were transported to Hancock Medical Center. Terry was listed in serious condition. Reis was treated and released.

Varnell said no charges had been filed as of Wednesday morning. Lt. Kevin McIntosh is in charge of the investigation along with Officers Theresa Beeson and John Bordages.

Students set new record for phone book recycling

BY ED LEPOMA

Hancock County school children have set a new record in their annual collection of phone books for recycling.

Students from area schools were presented certificates of appreciation and cash prizes before the start of the regular monthly meeting of the Board of Supervisors Monday.

The annual drive is a joint effort of Hancock County's Chamber of Commerce and Bell South, and, this year, Mississippi Power was also a sponsor.

Chamber Executive Director Amy Gregory said she was proud to announce that Hancock County collected 8,184

phone books this year, surpassing the previous year's record by 618 books. "Coastwide, students collected a record 203 tons of phone books," said Gregory.

"Part of the reason for the successful campaign this year was due to the tremendous amount of community support," Gregory added. She thanked John Fayard/Fastway Systems for stationing an 18-wheeler in front of the Civic Center where the books were collected.

"The Mississippi State Home Extension Office and the Home-maker Volunteers were instrumental in the collection at the Civic Center," said Gregory.

The winning school was Hancock North Central, where students collected 1,790 books. Last year's winner, North Bay Elementary, was right behind with 1,742 books.

Bay Middle School collected 1,695 phone books; St. Clare, 1,390; Bay Catholic, 1,080; Charles B. Murphy Elementary, 332; and Hancock Jr.-Sr. High School, 155.

"Thanks to students throughout Hancock County, 8,184 phone books will be recycled instead of landing up in a landfill," Gregory said.

City 'chaplain' laid to rest

BY ED LEPOMA

There was a significant absence at Tuesday night's meeting of the Pass Christian Board of Aldermen.

Paul Bode, the city's unofficial chaplain and a community leader, was not there to offer the prayer before the meeting and to lend words of support to the mayor and aldermen.

Bode, 80, died Sunday at Gulfport's Memorial Hospital following a brief illness. Just last month, he was selected Citizen of the Year and honored at a dinner by the Pass Christian Chamber of Commerce and Rotary Club and was featured as "The Person of the Week Along the Coast" on WLOX-TV.

Services were Wednesday from Trinity Episcopal Church, followed by burial in Live Oak Cemetery.

Alderman Margaret Jean Kalif, was a longtime friend of Bode's, and said she was "devastated by the loss."

"He was the epitome of what we all should try to be," said Kalif. "He allowed us to look into his soul, and it was pleasant to be there."

Bode was a retired Navy Commander, who saw service

He served as vice president of Pass Christian's Friends of the Library; treasurer of the Long

in the South Pacific during World War II. After retiring from a distinguished and long teaching career, he and his wife, Ann, settled in Pass Christian in 1984. He was active in community affairs, serving as Ward 2 Alderman and twice as president of the Rotary Club.

Bode was a vestryman at

Trinity Episcopal Church, an adult Sunday School teacher and president of Men of Trinity.

Beach Friends of the Library; president, Pass Christian Isles Civic Association; area coordinator for "Polio Plus Program" for Pass Christian; president, Metropolitan Dinner Club; board member and chairman of the Mississippi Coastal Clean-Up; president, Pass Christian Historical Society; and was a director of the Coast Community Foundation.

Bode is survived by his wife, Ann; two sons, Arthur and Mark Bode; three stepchildren, four grandsons; a brother; two sisters; and numerous nieces and nephews.

"CUEVAS" QUOTES

By Ellis C. Cuevas

Mardi Gras time for the area is now in full swing. Saturday is the big day for the *Krewe of Kids* in the Cedar Point area of Bay St. Louis. This parade is for kids with all types of bikes, wagons, carriages, skates, on foot, etc., just nothing motorized.

Supervisor Lisa Cowand has been heading this parade for many years, and the youngsters have a very good time.

The parade begins Saturday at 11 a.m., and the route is from Highland Drive up Dunbar to Boardman, Boardman to Leonard and back to Dunbar and ending at Highland.

Sunday marks the 33rd parade for the Krewe of Nereids on Highway 90 in Waveland-Bay, St. Louis.

The parade begins at 1 p.m. sharp from the Choctaw Plaza Shopping Center on U.S. 90 East to Bouslog and west on 90 to Waveland Avenue where it disbands.

The Nereids parade, followed by the krewes of Eros and Hancock will feature over 100 units.

We will be giving you more information on the Nereids parade in Sunday's edition.

This year the Mississippi Gulf Coast Council of Garden Clubs annual Spring Pilgrimage will kick off with a flower show in Bay St. Louis on Thursday, March 18.

The flower show will be in the Main Street United Methodist Church's complex at the corner of Main and S. Second streets, Bay St. Louis, with a ribbon cutting at 10 a.m.

The Opening Day Flower Show by the Bay-Waveland Garden Club is titled "Bay St. Louis, A Place Apart."

Alice Holmes, flower show chairman, urges all residents of the area to participate. The event is not just open to garden club members.

Entries are open for all amateur gardeners. For further information, call Mrs. Holmes at 467-3710, or E-mail, alholmes@digiscap.com.

Entries must be submitted Wednesday, March 17 between 9 a.m. and noon.

The Bay-Waveland Garden Club's president is Kathleen Fernandez. Schedule chairman is Lynette Nybo.

Other functions for the day will be seminars from 9 a.m. to 4 p.m. at the Hancock County Courthouse in the courtroom and also other activities at the Bay St. Louis Depot.

This sure sounds like it will be a great day for the residents of the area.

Local artist Alice Moseley did a beautiful painting for the flower show's poster.

The Bay-Waveland Garden Club was founded in 1938, federated in 1939, and it has been a very active participant in the 51 years of the Gulf Coast Council of Garden Clubs.

Coast Electric Power Association is also conducting a special poster contest titled "A Place for Art in Bloom," for students grades 1 through 12. Fernandez, the communications director for Coast Electric, is now in the process of contacting schools for entries. For further information, she can be reached at 463-7257.

Selected entries will be on view to the public during the pilgrimage's opening day at the Main Street United Methodist Church.

There will be two divisions, grades 1-6 and 7-12. Top winners will each receive a \$100 savings bond; second, \$50; and third place a \$25 bond.

Hancock County Girl Scouts will also have a competition of "vegetable animals" in the special exhibit at the opening.

So, mark your calendar for Thursday, March 18.

Charles Gray, president of the Hancock County Historical Society says that he is not above begging for the society. There is a need for a microfilm reader.

From time to time materials are received on microfilm, and someone has to go someplace where a film reader is in order to process.

If you need further information, call Gray at 467-4090.

Did you know that the Hancock County Sheriff's Department now has a total of three groups of four trustees collecting litter from the county's roads and streets five days a week?

Yet, they are unable to keep up with the amount of trash scattered along the roads.

Chief Deputy Lathan Hoda reports that deputies will be cracking down on persons littering, even those with debris flying out of the back of trucks or vehicles.

The time is now to begin an all-out effort in making our community litter free.

Won't you do your share?

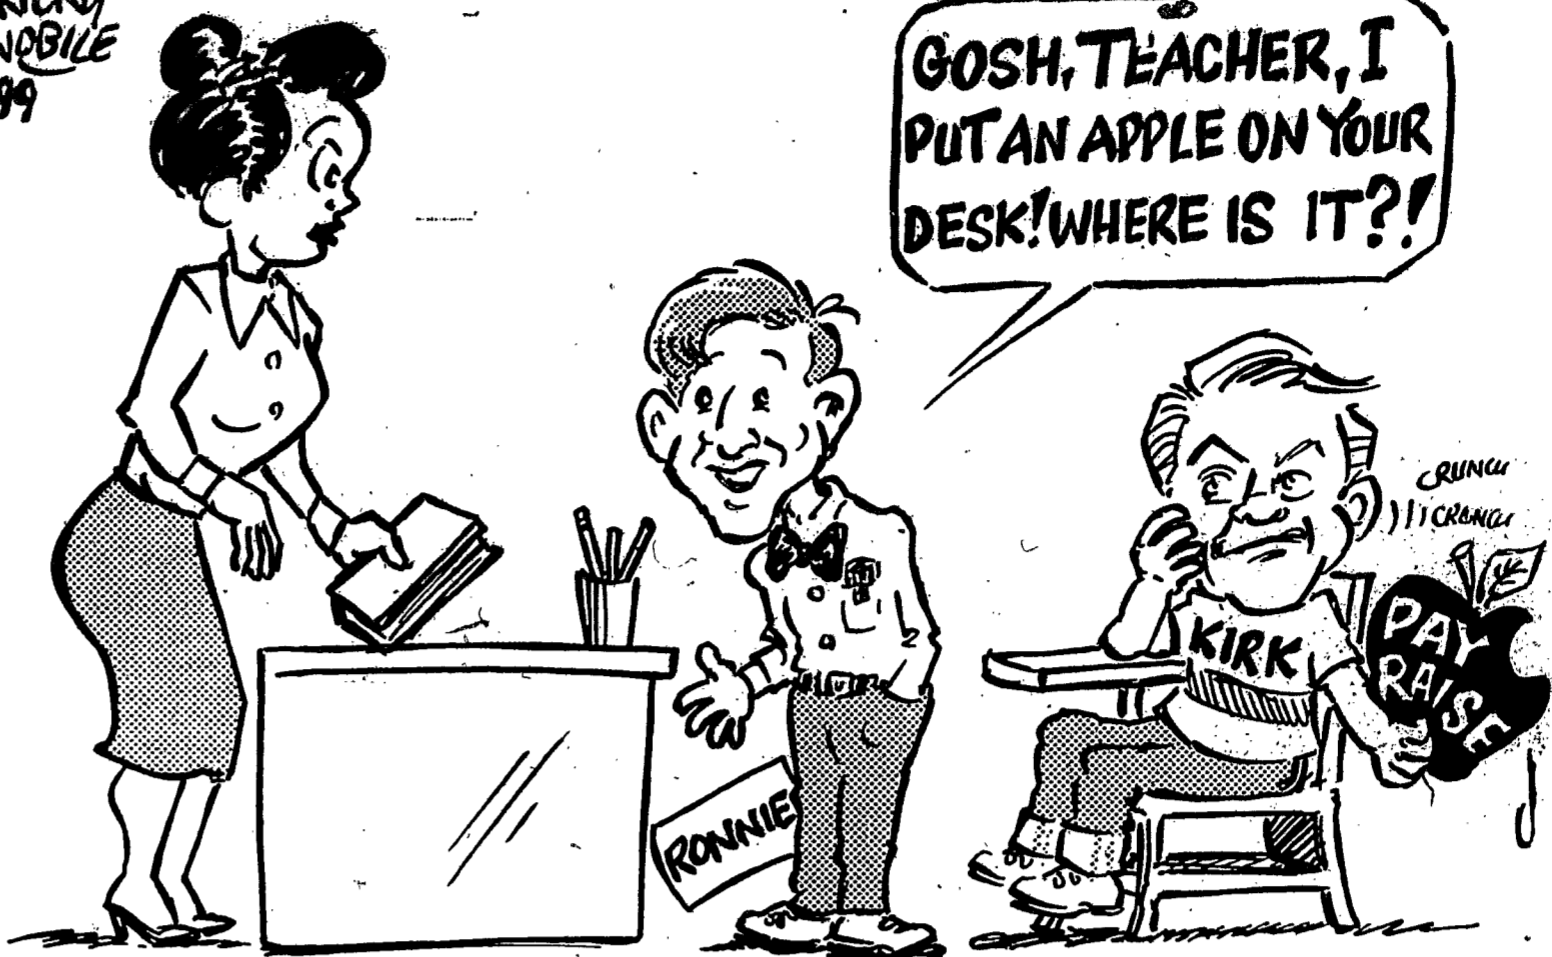

Several years ago the Sheriff's Office began collecting photos of former sheriffs of the county to display in the office.

Hancock County Chief Deputy Nathan Hoda reports there are only a few photos they need to complete the collection back to 1866.

The missing photos are of John M. Poitevant, 1866; David Maye, 1867 and 1880-83; D.C. Stanley, 1868-75; John J. Saucier, 1872-75; George W. Johnston, 1876-79; Francis Ladner, 1896-99; and A.J. Carver, 1904-07.

Photos will be returned to the owners Hoda said, as all they would like to do is make a copy to be displayed. Hoda can be reached at 467-5101.

American Legion speaks at congressional hearing

Before lawmakers completed veterans benefits legislation for 1999, the American Legion urged Congress to set aside even more money this year to ensure the continued vitality of Department of Veterans Affairs programs.

It said, despite budgetary constraints, Congress and the VA must work together to stem the decline of health services available to the 3 million veterans who rely on the system for care.

It also urged Congress to improve funding in fiscal 2000 for veterans' health care and prosthetic research, and to boost the budget for the Veterans Benefits Administration, which handles veterans' pension and disability compensation claims.

During an Oct. 6 hearing, its leader noted Congress' failure to approve a plan this year that would have allowed elderly veterans to use their Medicare benefits to pay for care at VA facilities.

Congress was also criticized for not doing more to address the backlog in processing new claims by veterans and the inability to provide prosthetics in a timely manner to all who need them.

And, Congress was also criticized for proposing to pay for the improvements with some of the \$15 billion that will be saved by rejecting new claims for smoking-related disabilities from veterans who began using tobacco while in the military.

Congress was praised for the 20 percent increase in GI Bill

educational benefits approved and signed into law by the President.

Meanwhile, congressional negotiators resolved differences between the House and Senate versions of the Department of Veterans Affairs budget for fiscal 1999, which began Oct. 1.

The budget exceeds the administration's \$42.1 billion request by \$500 million. Under the compromise, the VA will receive \$17.8 billion for health care.

The money is for veterans' medical care at VA clinics and hospitals. The VA will receive \$317 million for general construction projects and \$90 million for construction of state nursing homes.

The Veterans Benefits Administration (which handles disability compensation claims, pensions, the VA home loan program and insurance claims) will receive \$812 million.

The VA budget for fiscal year 1999 was approved by Congress and Public Law 105-276 was signed by the President Oct. 21, 1998.

The total package of \$505 billion amounts to about a third of all government spending for the year.

Hurricane deductible

After Hurricane Georges many people woke up to the unsettling fact that their insurance companies had raised their hurricane deductible to 2% of total coverage. What policyholders realized is that they had little to no coverage at all.

This week the House of Representatives addressed this situation by requiring that insurance companies offer lower deductible policies for hurricane windstorm damage.

No one can predict the frequency of hurricanes. All homeowners in the six coastal counties understand that insuring their property is very important.

New construction of homes and businesses on the Coast is dependent greatly on the insurability of the buildings.

It is only right that adequate insurance be available to homeowners. Scarcity of good insurance on the Coast could stifle our economic growth by discouraging new construction.

The bill will now go to the Senate for consideration. If approved there then it will go to the Governor for his consideration.

Rep. Dirk Dedeaux can be reached at the capitol desk at (601) 359-3770 during the session.

Appointments to Children's Trust Fund Commission

Governor Kirk Fordice announced his appointments to the Children's Trust Fund Commission.

The commission was created by the Mississippi Legislature to assist in developing programs, to create awareness and to recommend changes to the Governor and Legislature to reduce child abuse and neglect.

"Child abuse is a troubling reminder of the problems facing our society. State government must do all it can to protect those children who cannot protect themselves, punish those who abuse children and develop ways to reduce the incidents of abuse."

"I believe these appointees to the Children's Trust Fund Commission are cognizant of the problems we confront. I applaud their willingness to give of their time to help promote change," said Fordice.

Gov. Fordice appointed the following:

Rich Cannon of French Camp will represent the First Congressional District for a four-year term. Cannon is president of French Camp Academy. Greenwood Police Chief Ronnie L. White will represent the

Second Congressional District for a four-year term.

Patricia W. Bennett of Madison will represent the Third Congressional District for a three-year term. Bennett is a law professor at Mississippi College.

Lillie E. DeShields of Natchez will represent the Fourth Congressional District for a three-year term. DeShields is the communications manager at International Paper's Natchez Mill and a volunteer at the Natchez Children's Home.

Jim Davis Hull Sr. of Pascagoula will represent the Fifth Congressional District for a two-year term. Hull is an attorney and Moss Point municipal judge.

These appointees will begin service immediately but must be confirmed by the State Senate.

The Children's Trust Fund Commission consists of nine members: the State Superintendent of Education; the Executive Directors of the Department of Health, Human Services and Mental Health; and five appointees of the Governor.

Nereids parade rolls Sunday

Nereids takes parade goes on a musical odyssey of "City Sounds" Sunday, Feb. 7, at 1 p.m. with the appearance of the 33rd annual carnival parade in the Bay-Waveland area.

The theme explores the Latin soul of Miami, the blue notes of Memphis, the show tunes of New York, the snappy, sassy jazz of Chicago, the high-energy disco of San Francisco, and other musical personalities of American cities. The krewe celebrates America through the music of its cities.

The parade rolls at 1 p.m. starting at the Choctaw Plaza Shopping Center in Waveland.

The parade travels east on Hwy. 90 to Bouslog Street at the Bay St. Louis city limits and returns down Hwy. 90 to Our Shopping Center at Waveland Avenue where it disbands.

The krewe of Eros and Hancock follow the Nereids krewe for a total of almost 100 units in the parade. Queen Doris XXXIII, whose identity is always kept secret, and her royal consort, King Nereus XXXIII, Henry Martinez, will rule the day.

As is tradition, in the event of cancellation due to rain, the parade will roll on Mardi Gras Day.

Child dies as result of accident injuries

BY B. R. HAWKINS

Thaddeus Ricard, 5, of Waveland died Tuesday morning from injuries sustained Sunday, Jan. 31, in a 4-wheeler accident on South Railroad Ave., in Clermont Harbor.

Hancock County Sheriff Ronnie Peterson said Rayford E. Bingham Jr., 25, of Bay St. Louis was heading west on South Railroad Ave., at approximately 4 p.m., when he passed by a parked car in the east bound lane and struck the five-year old.

Ricard and Bingham were taken to Hancock Medical Center. Peterson said Ricard was airlifted Monday to Children's and Women's Hospital in Mobile.

The child's stepmother, Jessica Ricard also of Waveland said her son never regained consciousness. "He was a happy, hyper little guy," he said. "He could make me laugh even when he was in the most trouble."

The family made the decision to donate Thaddeus' organs to the transplant program. Arrangements for a memorial service to be held in Amite, La., were incomplete at this time of this report.

Thaddeus Ricard

"So many people cared for Thaddeus," Mrs. Ricard said, "Horace Garcia, a family friend met us at the hospital and put a guardian angel pin on his boot before he was flown to Mobile. I just want to thank the doctors and the nurses for their care."

Peterson said that no charges have been filed at this time. The accident is still under investigation.

Christmas in April schedules meeting

Christmas in April of Hancock County has scheduled a meeting at 8 a.m., Wednesday, Feb. 10, in the offices of the Hancock County Chamber of Commerce, Hwy. 90, Bay St. Louis.

Christmas in April is an annual one-day blitz to repair and rehabilitate the homes of poor, elderly or disabled homeowners in the county. The non-profit, volunteer service organization will continue to take homeowner nominations until Friday, Feb. 13.

"Low-income, disabled or elderly people living in Hancock County and who no longer maintain their homes are eligible for our services," said Cary Trapani, president of Christmas in April. "All work performed is free of charge, and referrals may come from individuals, churches, synagogues, community organizations or service groups."

For more information contact Margaret Hadden at 467-1082.

"It's in my district and I didn't know anything about it," Thriffley said, asking that he be kept aware of such significant potential development.

In response to questions Tuesday, city officials said they had met with developers a couple of weeks ago and been shown a rendition of the proposed development. Public Works Director Ron Vanney said he'd been asked whether the city could provide utility services to the tract, including a gas line.

Officials hope to run gas service to any such development, he said, because it's a key revenue source for the city. Sewer service already is available on Second Street, he said, and the developer could extend a water line to the tract.

Vanney said that while the project remains in preliminary stages of discussion, plans for up to 50 new homes are under consideration. He said the rendition he saw of the proposed development was "really nicely laid out."

Vanney and Municipal Clerk Bobby Parker both said the development idea is far superior to what the tract legally could be used for: an economy motel or a truck stop.

Parker, Vanney and a number of other city officials were in on a meeting to discuss the preliminary proposal.

Asked if city officials were excited about the development idea, Parker said, "Yes. Nothing

commercial is ever going there. That would really cause a lot of problems with the public. This would be a real good alternative. Some people wouldn't want anything there," he said, but "certainly not a motel or truck stop."

Records in City Hall showed only the skimpiest details submitted by Design Built Consulting in Harvey LA. The request, first headed for the city's Planning and Zoning Commission, is for a special exception to create a special use district for single family detached residential community. The proposal is set for a Feb. 24 Planning and Zoning Commission meeting.

Led Chester LeBlanc, the contact name on the application, was reached by the Echo for comment on Tuesday, but said he would have to be interviewed later in the day. He was not reached by phone later in the day, however, and did not return an interview phone call attempt.

the Hancock County Sheriff's Department.

Dr. Ribar recently retired as director of Substance Abuse with Gulf Coast Mental Health Center and was commended by Hancock County Sheriff Ronnie Peterson for his many years of service in working with prisoners in the county jail.

"A lot of people don't know who he (Ribar) is," said Peterson, in presenting Ribar with a plaque. "They don't realize how much he has helped us. Anytime we called him, he has been available."

Longo presented the Distinguished Citizen Certificates on behalf of both cities, commending Ribar for his dedication and service.

Ray Cox, manager of Wal-Mart in Waveland presented the city with a community grant check in the amount of \$1,000.

The board approved Feb. 11 as Arbor Day in the City of Waveland. An Arbor Day celebration, sponsored by the Bay-Waveland Garden Club is planned at 2:30 p.m. that day at the Waveland Library on Coleman Avenue.

The following action was taken on matters from the Planning and Zoning Commission:

A request from Christopher Mario for a variance of five feet from the left yard setback in order to construct a new residence and a variance of five feet

from the right yard setback in order to construct a garage was approved on property located at 506 Spanish Trail.

A request from Mrs. Vernon Nafziger for a variance of seven feet from the front yard setback and four and one-half feet from the right yard setback in order to construct an addition was approved on property located at 316 St. Joseph Street.

A request from Edward Herndon for a special use variance to operate a small plant nursery from his home located at 1045 Carroll Street was approved. The approval was conditioned on annual review and that the hot house be located on the rear left side of the house.

The Board of Aldermen Feb. 15 workshop and Feb. 16 meeting have been changed to Feb. 17 and 18, respectively, due to holidays.

Lady Hawks take district; barrage Bay High, 72-29

BY JOSEPH W. GEX II
The Bay High Tigers and the Hancock Hawks hooked up for a cross-county battle in basketball in Kiln Tuesday night.

The rivals split a pair of games as the Lady Hawks topped the Lady Tigers in the early game. The Tigers got revenge in a tight game against the Hawks in the boys' finale.

For only the second time in the last eight meetings between the heated rivals, the Lady Hawks of Hancock were victorious over Bay High 72-29.

The win gives the Lady Hawks, 24-6 and 11-1, the regular season Division 7 Class 4A title and the number one seed in the division tournament in Piquette. The winner and runner-up in the division tournament move on to the South State playoffs.

The Lady Tigers, 20-10 and 9-3, have held the crown in the division the last three years. Bay High will be seeded third in the tournament due to two losses to the Oak Grove Lady Warriors. Even though Bay High has the same divisional record as Oak Grove, the seedings go to head-to-head competition in the result of a tie.

A soaking wet Hancock head coach Sandy Albright commented, "I told the kids that the last few times we played Bay High nobody beat them but themselves. We went out with an attitude to win the ballgame tonight. We went into the game thinking of the win and earning some respect. When we got on the floor, we did it."

"Jaynell Ladner has given us some offensive and defensive leadership on the court. But most of all, her motivation off the court and in the locker room has proven to be a factor. Brandi Ladner got some big rebounds and points for us tonight. Terri Morel and Vicki Ladner have given us some good minutes lately to go along with Jessica Pucheu and Mindy Ladner putting in some points."

"I told the kids after the game that if they play the way they did tonight, each and every game, there is a chance that we can make some noise."

Hancock jumped out to an 18-11 lead by the end of the first period behind two huge three-pointers from Jaynell Ladner.

The Lady Hawks put some serious defensive pressure against the Lady Tigers in the second period. Hancock outscored Bay High 19-2 in the period.

Jessica Pucheu opened the second with a three-pointer and finished the period with seven points.

Mindy Ladner added six points while Brandi Ladner blocked four shots for the Hawks in the period.

Megan Matthews scored Bay High's only basket of the period at the 3:15 mark. Hancock led at halftime 36-13.

Pucheu and Terri Morel keyed a 12-0 run to start the second half for Hancock.

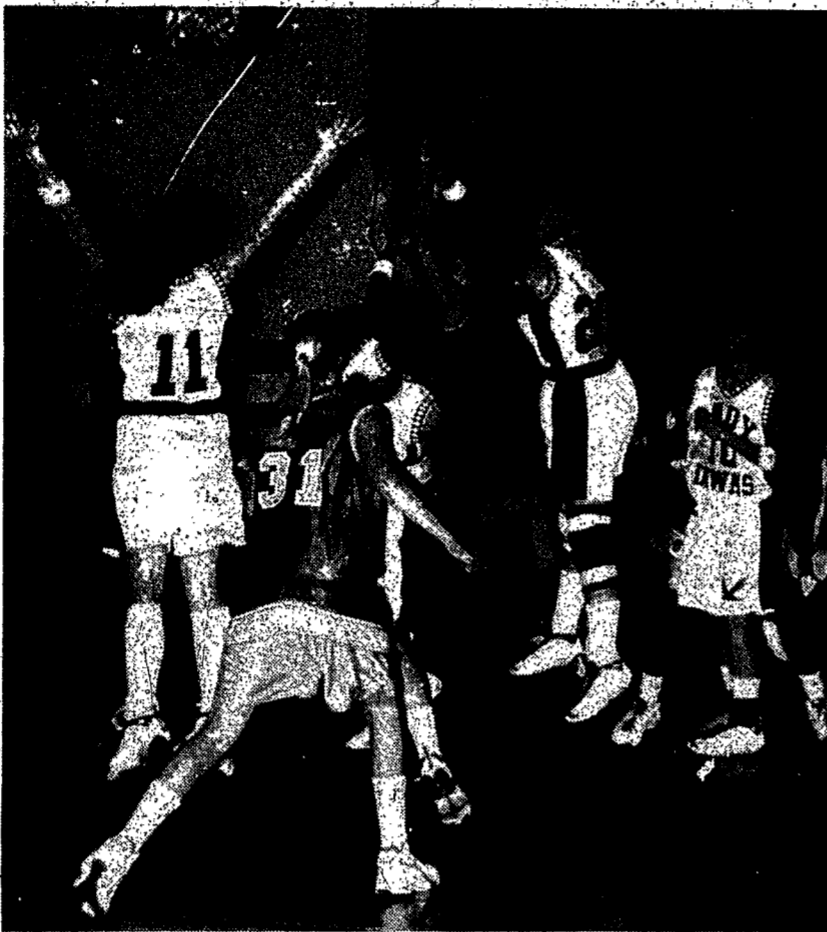

The Lady Hawks outscored Bay High 16-8 in the third period. Keely Marshall scored six of the Lady Tiger's eight points in the period. Marshall ended the third with three charity shots to make the score 52-21.

Marshall hit a jumper while Shemna Ambrose nailed a three-pointer to open the final period for Bay High.

However, Pucheu scored 11 of her game-high 28 points in the final stanza. Hancock outscored Bay High 20-8 in the fourth to make the final score. Bay High head coach Debbie Triplett stated, "Sometimes you have nights where nothing goes right. Tonight was one of those nights."

"Hancock played exceptionally tonight. They played their best game of the year. I knew it would be very difficult to come in here and beat them. This is a very hostile and loud environment to play in."

Pucheu led all scorers with 28 points. She was followed by Mindy Ladner with 19 points and Jaynell Ladner with 10 points. Keely Marshall was the lone Lady Tiger in double figures

Hancock High School Lady Hawk defenders (110 Mondy Ladner and Christy Hoffman (20) jump to block Bay High School's Keely Marshall shot under the goal Tuesday night. Bay High's Dana Kimmel (31) waits on the rebound. (Echo staff photo by B. R. Hawkins)

with 11 points.

The Lady Hawks finish their regular season with Harrison Central and Long Beach next Tuesday and Friday, respectively. Both games are at home.

The Lady Tigers will play Friday at East Central and at home on Saturday against Gulfport.

In the boys game, the Tigers held off a late Hancock rally to win the game 71-62.

Jabrell Cook opened the scoring for Hancock with a three-point play at the 7:36 mark of the first period.

Bay High's Jason Robinson answered with a three-pointer of his own to tie the game at 3-3. Bay High jumped out to a 9-3 lead before Jeremy Garriga ended the Hancock scoring drought at the 6:00 mark with a long two-point basket.

Garriga tied the score at 17-17 with his three-point basket at the 3:28 mark of the first period.

Aaron Jordan gave the Tigers a slim 22-19 lead with his trey with :04 left in the opening period.

Bay High stretched their lead to 42-30 by halftime despite an ejection of Brent Haynes at the end of the half due to a flagrant technical foul.

Hancock's Ryan Strief missed both free throws and the Hawks squandered a scoring opportunity in the waning seconds that would have brought the halftime difference to single digits.

Bay High outscored the Hawks 14-9 in the third period and pushed the score to 56-39.

In the final period, Hancock made several runs at the Tigers.

Garriga nailed a layup that brought the Hawks to within nine at 57-48 with 4:26 left to play.

Cook sank a 10-footer for Hancock to bring the score to

69-62 with only :13 left to play. However, time ran short on the Hawks as Louis Dunklin sank two free throws with :04 left to make the final score.

Bay High head coach Monty Noblitt stated, "We played with great effort tonight. It was a rivalry game and Coach Michael Ladner had them ready to play."

"Our defensive pressure was the factor in tonight's ballgame. We were able to get some turnovers that resulted in some key baskets for us. But, Hancock made some great shots to keep them in the ball game, especially Jeremy Garriga. He really stepped up his game tonight."

"We played with great intensity tonight; however, we still need to work on the execution."

Hancock head coach Michael Ray Ladner commented, "We worked hard but in the first half, especially, we made some

poor decisions. That set the tone for their defensive pressure."

"We have to do better in our half-court offense. We need to slow the tempo down and make better shot selections. In our last 10-12 games, this was our worst offensive showing. But, that is a credit to Bay High's defense."

Garriga led all scorers with 22 points in the loss. Jabrell Cook added 13 points for Hancock.

Stevie Lizana led Bay High with 20 points. He was followed by Jason Robinson and Louis Dunklin with 12 and 11 points, respectively.

Bay High, 15-12 and 7-6, play in the Mayor's Cup game on Saturday against cross-town rival St. Stanislaus. The game will be hosted by Bay High.

Hancock, 5-22 and 1-13, will host Harrison Central next Tuesday.

Registration set for girls ASA fastpitch

Registration for girls ages 5-18 for ASA fastpitch softball will be held on Saturday, Feb. 6, 1-5 p.m. at the Bay St. Louis Athletic Drive Complex on Athletic Drive in Bay St. Louis.

Rocks host Ocean Springs Hounds in first round of state playoffs

BY JOSEPH W. GEX II

The St. Stanislaus Rock-A-Chaws will host the first round of the state soccer playoffs on Saturday, Feb. 6. The game will be played at Brother Philip Memorial Stadium, "in between the walls", at 2 p.m.

The Rocks, 20-4-1, will host the Ocean Springs Greyhounds in first round action as a result of being crowned the division champions during the regular season.

SSC head coach Andy Kivlan stated, "Ocean Springs is a playoff team so we expect the best out of them. They are a physical team and very quick." "They have a lot of speed in the back. They pass and move

the ball well. We will stick to our regular game plan as we have all year. If it's not broke, don't fix it," he said.

The Rocks ended their regular season with a 6-2 win over the visiting St. John Eagles on Tuesday night.

Admission prices for the game are \$4. The only passes given for the game are issued by the state.

Soccer roundup

SSC 6-St. John 2

The St. Stanislaus Rock-A-Chaws ended regular season soccer play with a 6-2 victory over the St. John Eagles Tuesday night.

Rimmer Covington, Justin Wadsworth, David Heaps, Drew Cranford, Jeffrey Hansell and Stephen Kulikowski all scored for the Rocks. Hansell, Nick Middleton, Jonathan Gagnon and Carlos Benet had assists for the 20-4-1 Rocks.

The team enters the state playoffs at home Saturday at 2 p.m. against the Ocean Springs Greyhounds.

OLA 3-Lady Eagles 2
Our Lady Academy downed the St. John Lady Eagles 3-2 Tuesday night in high school soccer action.

Ashley Chrisman scored twice for the Crescents. Julie Reboul added the third goal. Leslie Esher, Reboul and Emily

Meyers had assists.

The team finished the regular season with a perfect 14-0 district record. They are 18-2 overall entering the first round of the state, play-offs.

OLA will face the loser of the Ocean Springs-Resurrection contest, held last night, on Saturday at 4 p.m. in St. Stanislaus Stadium.

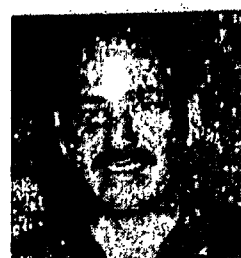

Harrison Central 8, Hancock 1

The Hancock Hawks fell to the Harrison Central Red Rebels 8-1 Tuesday night. Les Sackett scored the Hawks' goal on a penalty kick.

The Harrison Central girls downed the Lady Hawks 5-0.

Pilgrimage preparation

The Mississippi Gulf Coast 52nd Annual Spring Pilgrimage will begin with a Flower Show and other activities in Bay St. Louis on March 18. Kathleen Fernandez, right, president of the Bay-Waveland Garden Club displays a Spring Pilgrimage Poster, while Alice Holmes, flower show chairman, displays a poster for Flower Show. The photo for the flower show poster was painted by Bay St. Louis artist Alice Moseley. (Echo staff photo by Betty Ruth Hawkins).

Poster contest seeks entries

Coast Electric Power Association and members of the Bay-Waveland Garden Club have issued a call for entries in a very special poster contest for area students. Entitled, "A Place of Art in Bloom," the contest is open to all students in grades 1 through 12.

Kathy Fernandez, communications director for Coast Electric, said the company was pleased to be part of this project. "This project offers students an opportunity to express their creativity through art while focusing on the beauty of plants, trees and flowers."

The Bay-Waveland Garden Club organized the contest in conjunction with the 52nd annual Mississippi Gulf Coast Spring Pilgrimage.

"This year Bay St. Louis will be the host city for the group's opening day ceremonies and flower show," said Alice Holmes, show co-chairman. "The poster contest helps us share the excitement of the pilgrim-

age with young people of the area," she said.

Awards will be given in two student divisions: Division 1 — grades 1-6; and Division 2 — grades 7-12. First place winners in each division will receive a \$100 savings bond; second place, \$50; and third place, \$25.

All art mediums are acceptable, including oil, watercolor, acrylic, markers, pen, pencil, ink, and three-dimensional. Entries are limited to one per person and all designs must include plants, flowers or trees. Poster size is limited to 14 inches by 22 inches. Deadline for entries is March 1.

Fernandez said selected entries will be displayed to the public March 18 during the Spring Pilgrimage opening day ceremonies and flower show.

For additional information on the poster contest, contact Kathy Fernandez, Coast Electric Power Association, 228-463-7257.

Pier

awarded a contract for \$142,066 to dredge out the area, relocate one fishing jetty, lay down another jetty and build a new boat launch.

In a related matter, District 2 Supervisor Rocky Pullman said he had inspected the newly-constructed Dunbar Pier with District 3 Supervisor Lisa Cowand, and supervisors voted to release final payment to the contractor.

In an earlier meeting, Cowand had asked the county purchasing agent to get quotes on lighting the pier, but they weren't available for Monday's meeting.

Supervisors handled a barrage of issues during their February meeting. They:

- Authorized Hancock Medical Center to set up a \$500,000 line of credit with Hancock Bank in efforts to resolve a cash-flow problem. Hospital attorney Robert Genin said Medicare reimbursement has been erratic, although the hospital needs to meet a payroll amounting to about \$500,000 every two weeks;

- Authorized the Hancock County Library System to advertise for bids for furnishing and equipment at the new library in Kiln, which is under construction.

- Acted on a request by county attorney Gerald Gex to rescind previous bids received from SentryCare for the old health department building on Dunbar Avenue. Gex said the property description was flawed. SentryCare, which operates Dunbar Retirement Village, wants the property for expansion, and when bids were advertised and opened last August, the firm offered to pay \$76,000 for the land and building;

- At the suggestion of Pullman, supervisors will ask Mississippi gaming authorities to work cooperatively with Louisiana authorities in trying to establish a reciprocal written agreement on the costs for non-residents wanting to obtain hunting and fishing licenses in both states;

- Voted 5-0 to overturn a special exception granted Kim Collier-Mangerchine to build a combination dance studio-health club on four acres of land off Longfellow Road near the Civic Center. Adjacent property owner John Wilkinson said there was no water or sewerage to the site, and the property should remain zoned residen-

tial.

- Delayed any action on providing the smoking cessation pill Zyban to employees covered by the county health plan.

- Voted to declare Monday, Feb. 15, a legal holiday, and take Tuesday, Feb. 16, (Mardi Gras Day) a holiday in lieu of Confederate Memorial Day;

- Supervisors recessed until 9 a.m. Feb. 10. At 11 a.m. that day and for the fourth time, bids will be opened on construction of the long-delayed Juvenile Detention Center.

"This is a law someone convicted of a felony moving into our state may not be aware of, however, it does carry the possibility of a fine and jail time for failure to register," Hoda said.

The law states that even if a person is temporarily domiciled for 30 days, they must register with the sheriff or chief of police.

Such registrations shall consist of (a) a statement in writing signed by such person, giving such information as may be required by the identification bureau of the Mississippi Highway Safety Patrol, and (b) the fingerprints and photograph of such person. Within three (3)

days thereafter the registering law enforcement agency shall forward such statement, fingerprints and photograph to the identification bureau of the Mississippi Highway Safety Patrol.

If any person required to register hereunder changes his residence address he shall inform, in writing within ten (10) days, the law enforcement

agency with whom he last registered of his new address. The law enforcement agency shall, within three (3) days after receipt of such information, forward it to the identification bureau of the Mississippi Highway Safety Patrol.

Hoda said if anyone has any questions about the registration requirements to give him a call at 467-5101.

BUSINESS NEWS

Closing out

Crowds of shoppers arrived early Wednesday morning to the Waveland SuperValu store in Choctaw Plaza on Hwy. 90, in response to the announcement of liquidation of stock at half price and the closure of the store. Manager Bill Hailey said the company was closing the Waveland location due to a lack of sales. "If we had had just half these people on a regular basis, we would still be in business," he said. (Echo staff photo by B. R. Hawkins)

Gwen Andrews

Yvonne Griffith

Andrews, Griffith join realty company

Chari McIntyre Rapp, broker/owner of Century 21 McIntyre Rapp in Waveland, has announced that Yvonne Griffith and Gwen Andrews have joined the sales force as realtor associates.

They will specialize in residential sales in the Waveland-Bay St. Louis and Hancock County area.

Before joining Century 21 McIntyre Rapp, Griffith worked as a teacher. She sponsors Fellowship Christian Athletes and is the mother of two sons, Wes and Brad.

Andrews worked as a payroll and accounting clerk for 13 years. She is the mother of Aimee, who attends Bay High School. They are both active members of Word of Faith Church.

New call center targets Mississippi Power's commercial customers

Mississippi Power Company has a new Business Service Center that commercial customers can call for help and special information.

Specially trained employees who can answer commercial customers' most frequently asked questions staff the center. They are also prepared to offer suggestions for solving special problems and explain company programs and promotions.

"Our industrial and residential customers have always known where to call when they had questions or problems. Since commercial customers make up about one-third of our retail revenues, we realized that we needed something specifically geared to the needs of this group," said Kurt Brautigam, Mississippi Power's manager of external communications.

Commercial customers may call a single toll-free number (1-887-656-1836) dedicated to answering their questions handling billing issues, helping with custom energy solutions and explaining new products and services.

A pilot program for the Business Service Center was run in the Meridian and Laurel areas in December and was expanded to the company's Hattiesburg division in January. As of Feb. 1, the Business Service Center will be available to all of Mississippi Power's commercial customers on the Coast.

Mississippi Power Company serves more than 188,000 customers in 23 counties in southeast Mississippi. Mississippi Power is part of Southern Company, which is the largest producer of electricity in the United States.

IRS offers Saturday assistance

The Internal Revenue Service is offering walk-in service on four Saturdays this filing season. The IRS office at 155212 Oak Lane will be open from 8:30 a.m. to 12:30 p.m. on Feb. 6 and 20, March 20 and April 10. Oak Lane is in the Orange Grove area, just south of the Kmart off Hwy. 49 North. Taxpayers will be able to pick up forms and publications, get answers to account and tax law questions, receive verification of their individual taxpayer identification number (ITIN), and make payments.

"Many people will find it more convenient to visit the IRS on a Saturday to get the help they need, rather than trying to fit it into their busy weekday schedule," said IRS Commissioner Charles O. Rossotti. The office will also be open Monday through Friday, 8 a.m.-4:30 p.m.

For many services, taxpayers do not have to visit the IRS at all. Most products and services the IRS offers are available

through other means.

For example, taxpayers with tax law or account questions can call the IRS toll-free help line — 1-800-829-1040 — 24 hours a day, seven days a week.

Free forms and publications are available through a toll-free order line at 1-800-829-3676, on the IRS website at www.irs.ustreas.gov and through TaxFax — call 703-368-9694.

Taxpayers may receive return preparation assistance from IRS's local Volunteer Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE) programs.

For more information on VITA sites, contact Marilyn Whitehead at (228) 831-3303, and for TCE locations, contact Joe Phol with AARP at (601) 335-3167.

Start Small. Finish Big With A Hancock Bank IRA.

You've seen how the squirrels do it—one acorn at a time. Before you know it, they're set. It's not too late to follow their example. And an IRA from Hancock Bank is the perfect way to start. If you're just getting out of college, if you're

in your prime, or if retirement is just a week away, we can find the right IRA options for you.

Should your IRA go to high yield stocks? A conservative CD? A combination of the two? Do you need a traditional IRA? A tax-saving Roth?

Or a rollover for your 401(k) money? We're your full-service financial center, and these are the questions we can help you answer.

So go by any Hancock Bank today. We'll help you start small and finish big.

Bay P.D. offers Mardi Gras safety precautions

By David Stepro
Assistant Police Chief

The Mardi Gras season is upon us and will be in full swing in the near future. The time to catch beads, doubloons and other throws will be the pastime of our residents and visitors. The City of Bay St. Louis and the Bay St. Louis Police Department want all our residents and visitors to have a good time and enjoy this Mardi Gras season. There are several safety precautions that parade goers need to be aware of for their parade enjoyment.

Please park your vehicle in an appropriate parking space. Blocking of public roads, private driveways and parking on medians can cause the risk of your vehicle being ticketed and/or towed.

Be sure to lock your vehicle. With the large number of people attending the parade and walking around the parade route, a locked vehicle will help avoid the possibility of having items removed from your car.

Mardi Gras season is a time for children. Please watch your child during the festivities. Small children and some adults seem to forget the dangers of trying to get a bead or trinket from under a moving float.

These floats are hard for the driver to stop and have many blind spots. Please have your children keep a safe distance from the moving floats.

Small children have a tendency to lose their parents. If you have a small child, please place a piece of paper with their name and a phone number in a pocket. This will aid the law enforcement officers to help reunite the family members. If your child gets lost, please notify the nearest police officer so that we may begin the search as soon as possible.

Take precautions to protect your valuables while partying. Expensive jewelry or those with sentimental value should not be worn to parades. Many times these items are lost in the battle for the much sought after throws.

The fanny pack is a good way to keep the necessary money and needed documents with you during the parades. Purses have a tendency to become lost or stolen. If you take a fanny pack to the parades, please wear it, and don't let it lay around.

Many parade goers will be cooking along the parade routes. If you have a charcoal grill, please do not throw the ashes and embers on the ground. Burned feet, grass fires and/or flat tires caused by this debris from coming into contact with this trash does not lead to a fun Mardi Gras.

Public Notice

PUBLIC NOTICE Due to the Mardi Gras Holiday, the Bay St. Louis City Council will not meet on the scheduled work shop and meeting on the month of February on Thursday, February 18, beginning at 6:00 p.m. The Council meeting will be held at the City Hall Annex, 111 Court Street. Interested persons are invited to attend.

Please do not bring glass bottles to the parades. Broken glass can cause numerous injuries both during the parade and for those who may pass by later.

Please bring a plastic garbage bag to contain your litter. This makes it easier to clean up after the festivities and will keep the wind and traffic from scattering the trash further.

Alcohol consumption has also become a tradition at Mardi Gras parades. Please, if you have had too much to drink, don't drive. A designated driver can save a trip to jail and allow you to have good memories of the Mardi Gras experience.

Please be careful of the numerous pedestrians while going to and leaving the parades.

The Bay St. Louis Police Department will have extra officers patrolling the highways and streets. These officers will be working the traffic and accidents that may occur during the parades.

The overtime for these officers will be paid for by federal funds through a grant that the City of Bay St. Louis has received.

The Bay St. Louis Police Department is part of the Western Gulf Coast Safe Communities Program.

"Century of Magic" Casino Magic celebrates 20th century

Casino Magic Bay St. Louis is celebrating a "Century of Magic" in 1999. Each month the casino is theming promotions and tournaments around a specific time period in the 20th century.

Additionally, the casino will have a 6'x6'x8' permanent viewing case in the main lobby

that will display memorabilia from that era.

Casino Magic kicks off the festivities in February reliving the invigorating 1900s and its "Celebration of Flight." Feb. 1-28, Magic Money Players earning 250 points or more or by playing four hours at \$25 per hand at table games in 24 hours, receive a deluxe travel bag with the casino's official millennium logo.

In addition, Casino Magic Bay St. Louis will "fly" you and three friends to New York City for New Year's Eve 1999. This includes round trip airfare for four people, accommodations for a four-night stay in New York city and \$2,500 spending money.

Guests can earn registration tickets throughout the month. Five finalists will be drawn each Saturday at 8 p.m. All finalists will receive \$100, with the final drawing for the trip held Feb. 27, 1999 at 8 p.m.

Future guests will also enjoy reliving the joyous memories of the big band era, the roaring 1920s and even the ever gaudy, but fun, disco fever era and on.

Mardi Gras

Bead Giveaway
Guests who earn 100 points on their Magic Money card within 24 hours or play two hours at \$10 per hand at table games, receive free Mardi Gras beads. Offer subject to change through Mardi Gras day or while supplies last. One per account per day.

Elvis slots now at Magic

Casino Magic Bay St. Louis is all shook up about IGT's innovative new Elvis quarter slot machines. The casino is one of the first on the Mississippi Gulf Coast to offer this new slot machine. The reels will begin rocking today, Feb. 4.

The Elvis slot is a three-reel, three coin spinning reel game on IGT's new Vision series machine. It has a bonus feature that plays video concert footage of Elvis Presley singing his biggest hits from "Hound Dog" to "Don't Be Cruel" and "Jailhouse Rock" to "Heartbreak Hotel" in full stereo.

Players can win up to 1,000 coins on one of Elvis' 14 gold records.

The game also has a Mega-jackpot Instant Winner progressive award that will build from a base amount of \$100,000.

Unlike other IGT Mega-jackpot progressives that may pay over 20 years, this jackpot is paid in full, instantly to the winner. Players will be further entertained with Elvis-related trivia questions that will appear on the LCD screen.

Casino Magic Bay St. Louis initially offers four Elvis slot machines located on the back wall of the first floor (next to the west entrance of the entertainment center).

King of small-talk radio, brings 'Whad'Ya Know?'

to Grand Casino Biloxi

Grand Casino Biloxi welcomes Michael Feldman's Whad'Ya Know? to the Biloxi Grand Theatre Saturday, Feb. 13, 10 a.m.-noon. The program is carried by nearly 300 Public Radio International affiliates and will be broadcast live from the Biloxi Grand Theatre.

Whad'Ya Know? is a two-hour comedy/quiz/interview show which host and quizmaster Feldman invites callers and audience members to compete for "useless prizes" including pink flamingo lawn ornaments.

Making his radio debut in 1965, Feldman's winning entry in an essay contest earned him an appearance on a radio program in Milwaukee. During the show, he dedicated the song, "What Kind of Fool Am I?" to the owners of the Milwaukee Braves, who were in the process of forsaking Milwaukee for Atlanta. The only thing he remembers from the experience is that "the host told me I talked too much."

Earning a bachelor's degree in English and "realizing that I was not qualified for anything," Feldman went back to school in 1970 for a teacher's certification. After eight years in the classroom, Feldman left the

world of teaching.

He drove a cab and became a volunteer DJ on Madison's (WORT-FM), hosting *Thanks for Calling*, a program that he describes as "a call-in for the bedridden, the elderly and the undateable."

Feldman's ability to put his audience in a feel-good, relaxed mood led WORT-FM to give him his own show, *The Breakfast Special*.

In 1985, Feldman moved to Wisconsin Public Radio and began Whad'Ya Know? The show immediately attracted both critical acclaim and a loyal coast-to-coast audience. He went on to write three books: the autobiographical *Whad'Ya Know? Whad'Ya Knowledge?* and *Thanks for the Memos*. He has also released six compact discs in cooperation with Nimbus Records, a series entitled *Whad'Ya Know? About the Classics*.

Regular elements of every program include a *Whad'Ya Know?* quiz, an off-beat interview with someone not making the headlines, jazz with John Thulin (piano) and Jeff Eckels (bass) and banter with sidekick Jim Packard (announcer). Each broadcast is opened with "All the News That Isn't," a brief monologue filled with Feldman's entertaining brand of political and social satire.

Tickets, \$28/floor, \$20/balcony are available at the Biloxi Grand Theatre Box Office (1-800-WIN-2-WIN, ext. 2804) or at all TicketMaster locations.
